## Notice to GTAs Receiving Salary Increase

We are pleased that KU and the Graduate Teaching Assistants Coalition (GTAC) were able to jointly identify ways to enhance the workplace for our GTAs, who are key contributors to KU's academic and research missions.

As I shared with you in an email on Sept. 25, KU has agreed to increase the base minimum salary for GTAs. More than 700 GTAs are affected by the increase, which was included in their Nov. 2 paychecks.

Because of some confusion around the effective date of the increase, the University is agreeing to provide those affected GTAs with an additional payment for one more pay period to ensure their gross salary reflects the base minimum.

As one of the affected GTAs, you will receive the additional payment, subject to appropriate withholdings, in your Dec. 17 paycheck. Please direct any questions you have about this payment to [hrdept@ku.edu](mailto:hrdept@ku.edu).

Thank you,

**Mike Rounds**  
Vice Provost for Operations
